

The Foundation of Monroe County Community Schools

Investing in our children. Investing in our future.

Annual Report
2010-2011

Dear Supporters of FMCCS,

Every day dedicated teachers, administrators, and support staff throughout our district make a profound impact on the lives of our students from grades K-12. The Foundation of Monroe County Community Schools is proud to support our district by raising funds that support and enhance the educational experience of the young people of our community.

During the 2010-2011 school year, the Foundation continued to work diligently to meet the goals of our campaign: *Our Children, Our Schools, Our Future*. We would like to thank the campaign leadership and cabinet members who worked side by side with us during the year to ensure our students continue to receive a quality education in the midst of economic uncertainty and state funding cuts.

Throughout the campaign the Foundation has received tremendous support from school employees, donors and volunteers in the community, area businesses and corporations, and private foundations.

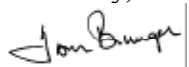

This support has enabled us to ensure that:

- Our students reach their fullest potential.
- Our educators are equipped with the skills and tools to help our children succeed.
- Our schools and school system embrace innovation and strive for excellence

I thank you, our donors, volunteers, board members, and staff for stepping forward and making a difference in public education. Your time, talents, and resources will ensure our students and educators are prepared to achieve success. We will continue to need your generous investments to guarantee all students can read, think, graduate, and succeed.

I would also like to extend my appreciation to Tina Peterson for her leadership to FMCCS over the past ten years. I wish her luck and proudly welcome Sara L. Neeley as the new Executive Director.

Sincerely,

Tom Bungler, President

Our Mission

The Foundation of Monroe County Community Schools is dedicated to providing resources to improve and enhance the educational opportunities available to all MCCSC students.

In 2010-2011 FMCCS made investments in the following areas:

- Educator & Classroom support through our grant programs and educational initiatives
- Professional Development programs
- ExtraCurricular stipends for all MCCSC faculty
- New Tech High School technology investment
- Artful Learning at Fairview Elementary

75 Grant Projects impacting
10,700 MCCSC students
